

# BOARD HIGHLIGHTS

The following is a summary of the key points discussed during the board meeting of the Conseil Scolaire Centre-Est held on April 23, 2025.

## INFRASTRUCTURE PROJECTS: UPDATE

As part of the École Sainte-Catherine modernization project, the CSCE completed urgent roof repairs along with selected exterior and interior repairs during the summer of 2024. Since then, an assessment has been carried out to identify a prime contractor and initiate planning for the next phase of the project. Upcoming priorities include heating system upgrades and exterior refurbishments. Once finalized, project timelines will be shared with the École Sainte-Catherine community.

For the École Beauséjour modernization project, the CSCE has received confirmation that the project has been included in the provincial "School Accelerator Program." This allows the project to advance from one phase to the next without the need to await successive rounds of government announcements. This is excellent news!

## CHANGES TO UPCOMING CSCE BOARD MEETINGS
